Subject: Testimony in support of H-7015 as drafted

To whom it may concern,

I am a licensed electrician (License B-014666) and a licensed electrical contractor (License A-005139).

I have reviewed H-7015. It should be passed in its current form without amendments.

Electrical work should NEVER be unlicensed work. A qualified licensed electrician protects people and property from electrical fires and electrocution.

Thank you,
Joseph Plouffe
