Subject: KCPA

I'm writing to let you know that Kratom has changed my life so much. I've had 2 neck surgeries within the past 5 years. I was on Oxycodone, Lyrica, depression and anxiety meds. I was just laying around the house in pain all day. Kratom has helped me get my life back. I have been able to get off all of my prescription meds except for thyroid medicine. My husband and I adopted my sister's baby almost 3 years ago and I'm able to keep up with her and play on the floor with her. I have a 16 year old and a 13 year old who have both told me they love that I found something that actually helps me so I'm not just sleeping all day and not in pain all the time. Please support the KCPA and reverse the bans on Kratom. It truly has saved so many lives.

Thank you for your time.

Jennifer Hatfield
