**To:** House Corporations Committee  
**Subject:** Kratom ban bill

Please don't ban this important plant! I was prescribed 8 30 mg oxycodone every day for almost a decade & kratom has changed my life! It's saved me from living like a zombie to being able to take care of my granddaughter! It's life saving medicine for my Crohn's disease & back pain! I've been consuming it for 3 years & have gotten my spark back. It's not anything close to what oxycodone does as far as being able to have pain relief and energy at the same time! It has saved my relationships with my family as well.

Sincerely

Leisa Bailey
