Subject: Rhode Island Kratom ban

Hi, I am emailing house representatives to please ask and encourage that Rhode Island reverses the Kratom ban. Please support the American Kratom association in producing transparent quality scientific efforts to keep botanical supplements like Kratom safe and available to people in need! It's very important that people get to use something in this day and age that helps them be functional and well. It would be bad for all of them to endanger them by banning Kratom. Thank you- Nick Fine
