Subject: URGE SUPPORT FAIR SHARE FOR DENTAL CARE H 8072

Dear Chairman Solomon and Representatives on the House Corporations Committee:

I urge you to vote and pass House Bill 8072. The Fair Share For Dental Bill helps patients needing dental care. Without dental insurance reform in Rhode Island, patients will continue to be delayed to get appointments to receive preventive, urgent, pediatric, general, oral surgical or geriatric dental care.

Respectfully,
M. Christine Benoit, DMD
