Greetings Ladies and Gentlemen:

I am OPPOSED to RI H7210. The BELOW excerpt from page 4 of the bill will exclude the use of any digital currency such as Bitcoin, a form of cryptocurrency, that presently exists. Please remove this clause before voting on this bill. This bill paves the way for a central bank digital currency which ultimately excludes any other medium of exchange for WE, THE PEOPLE. I like my dollars and I hope to keep them, even if they reside under my mattress.

(24) "Money" means a medium of exchange that is currently authorized or adopted by a
23 domestic or foreign government. The term includes a monetary unit of account established by an
24 intergovernmental organization or by agreement between two (2) or more countries. The term
25 "money" does not include an electronic record that is a medium of exchange recorded and
26 transferable in a system that existed and operated for the medium of exchange before the medium
27 of exchange was authorized or adopted by the government.

Thank you,
Donna Mansolillo
