Dear Rhode Island House of Representatives:

As the Executive Director of the Providence VA Regional Benefits Office, I would like to express our strong support for the House Bill No. 5043 in the Rhode Island House of Representatives, concerning a VFWRI-led legislative effort to protect Rhode Island Veterans against predatory claim sharks.

The freedoms our country enjoys were built on the sacrifice and service of our nation's Veterans. The Providence VA Regional Benefits Office has an obligation to support and care for Veterans and their families through various VA benefits. To ensure Veterans receive qualified assistance and representation when applying for those benefits, federal laws were created requiring anyone who assists in benefits claims be properly accredited through the VA Office of General Counsel (OGC). The House Bill No. 5043 will ensure the protection of our Veterans, and their families, from unaccredited predatory actors.

Sincerely,

E.J. McQuade III
Director, VA Regional Benefits Office
