

Testimony in opposition to H5820: Renewable Energy Standard

Dr. Hans Scholl, 71 Fales Avenue, Barrington, RI 02806

Date of Hearing: April 1, 2025

To Chair Solomon and the honorable Members of the House Corporations Committee:

I strongly oppose the bill, because it extends the goal that one hundred percent (100%) of Rhode Island's electricity would come from renewable sources by another 10 years to from 2033 to 2043.

I urge you to not delay meeting our Act on Climate mandates and to NOT bring the bill to a vote.

Thank you very much for considering my input.
