ON WEDNESDAY, APRIL 10TH IMMEDIATELY FOLLOWING THE REGULAR LEGISLATIVE SESSION, FAIRNESS IN WOMEN'S SPORTS AND PARENTS BILL OF RIGHTS WILL BE HEARD IN THE HOUSE COMMITTEE ON EDUCATION IN THE HOUSE LOUNGE. PLEASE HELP ME GET IT PASSED!

----/--/

It seems ludicrous in today's world that someone would question who is a woman and who is a man based on feelings... it's plain and simple that men are biologically made stronger than a woman and therefore pose a threat to women in sports! No definition can change that biological fact nor should it!  
I have 3 daughters and 3 granddaughters and you need to protect them!

Also, the parents are the first line of education and schools should never be allowed to circumvent that bond no matter what the feelings of government! Hiding information from parents is undermining their authority and should never happen!

Thank you for your support for these bills!
