Subject: Bill RI H7727

Good afternoon:

We have 3 beautiful girls. I am writing today in support of RI H7727 "Fairness in Women's Sports" bill as well as H7781 "Parents Bill of Rights. As a parent to daughters, their futures in sport and other endeavors should not be hindered by misguided gender ideologies. Science, Biology and Culture are being undermined by zealotry in the name of "equity" and it is neither equitable nor scientific in any way.

These bills go a small way to rectify the inverse discrimination against biological females and returns the right of guidance in all matters relating to children to the parents!

Too often of late, unelected bureaucrats are using our system to instill values and ideas that are not the will or even awareness of the parents.

As a parent, I reserve these rights. Schools are beholden to parents, not to the special interest groups.

Thank you for your time.

Sincerely
Paula Ryfa
