Dear Chair Bennett, First Vice Chair Phillips, Second Vice Chair Carson, and Members of the Environment and Natural Resources Committee,

I have written at this time to provide you with my comments regarding House Bill 7619, which would delay the ban on PFAS in processing agents until July 1, 2027, and also expand the law by banning PVC and polystyrene in packaging.

While I fully support the banning of PVC and polystyrene in packaging, I am not supportive of delaying the ban on PFAS in processing agents until 2027.

Sincerely,

David A. Brunetti
