

Testimony supporting H7617 Sub A: Building Decarbonization Act

Barbara Walsh. 62 Frederick Street, Warwick, RI 02888

Date of Hearing: June 12, 2024

To Chair Bennett and the Honorable Members of the House Environment and Natural resources Committee:

This bill is critically important for making progress in our efforts to reduce carbon emissions in the building sector, which creates 30% of carbon emissions. The state is falling behind in meeting our Act on Climate goals. We must do more. It is up to you to make the impact that is needed to address climate threats. Please pass this and do what you can to facilitate taking positive steps. Thank you.
