

• Introduction: Name,  
Position in Tiverton SBK, Passion  
for sports, ~~how I got the job~~. I love  
the job and coworkers, but the smoke is  
out of control. On busy nights I get a  
headache, sinus sneezing, sore throat, cough,  
hard deep breathing etc. I don't want to  
quit a job I love because of preventable  
smoke

• Tiverton and Lincoln: The Tiverton  
Property seems constantly overlooked in the  
smoking debate. Low ceilings, the ventilation  
system, lack of non-smoking area

• Common defenses: expansion of non-smoking,  
Profit + loss potential (customer retention)

• Closing: we've heard enough over the years
