Subject: Please fully fund HB 7335

To whom it may concern,

Writing to send my support of FULLY funding our public libraries across the state of Rhode Island. Please fully support HB 7335. We need to keep our free "third spaces" open, accessible and funded. I use the library to rent not only books but movies and audiobooks too. I use the space to study and love how many unique yet inclusive programs our libraries host. Let's keep them funded and functional!
