Re: Support of H-7594

Dear Chair Abney and Members of the Committee

My name is Deisy L. Chacon and I support HB No. 7594. Good afternoon, I write this testimony with all due respect. I am living with my children. The teachers speak English and they are wonderful but my children are tired and lost? I support this law to see if there can be subjects taught in Spanish so that my children can feel identified and seen, and they grow up with better knowledge of themselves and their schoolwork.
