Re: Support of H-7594

Dear Chair Abney and Members of the Committee

My name is Vrenely Espinoza and I support HB No. 7594. I support the teachers because as a grandmother I had in my country teachers who spoke Italian and other languages. I would like for schools to have more teachers with various languages because the students should learn various languages; it is very nice when you have people getting together and learning different languages. I support this because I would love to be one of the teachers to teach adults or young adults and children. We would like to see more good programs and I am willing to support this and become a great teacher. Someday I will have 2 languages, but it is nice to have all kinds of languages.
