

Dear Rhode Island Legislature,

Progreso Latino's mission is to help Rhode Island's Latino and immigrant communities to achieve greater self-sufficiency and socio-economic progress by providing transformational programs that support personal growth and social change. We strongly believe our community is underserved in roads, public facilities, transportation, schools, and social services. For this reason, we present to you the following testimonies from Rhode Island's urban core who would benefit from the added funds that would come out of a millionaire's tax for the investment of our cities and families.

Sincerely,

Progreso Latino

Vrenely Odette Espinosa

I, Vrenely Espinosa, am a resident of Pawtucket and I am in support of H7338 because the school needs help and the roads need to be fixed right now. The gym walls need to be repainted. The roads need to be fixed because the road conditions cause tires to pop, and then one has to use your own money to replace them.

Sincerely,

Vrenely Odette Espinosa

Deisy P. Chaconz

I, Deisy P. Chaconz, am a resident of Pawtucket and I am in support of H7338. I cordially greet you and hope that you and your family find yourselves in good health. I address you in support of the law to raise taxes for people who earn more than a million dollars so that those funds can be used to fix roads, the maintenance and betterment of RIPTA, the schools, and so that immigrants can have more support for their livelihood here, as well as an increase in pension payment, since many in our community need them, and for street lighting. Together, we will work for a better community. Thank you and God bless you.

Sincerely,

Nini J. Pallares

I, Nini Pallares, am a resident of Central Falls and I am in support of H7338. I really like the idea of helping the community that this proposal speaks of, to tax a little bit more those that earn more than a million dollars. That way, we can help our community more. Many thanks leaders, I thank your intentions. I support bill H7338.

Sincerely,
