Subject: I OPPOSE H8183

My name is Barry McGoff & I am writing to oppose H8183. Currently I pay the town of Middletown \$165 and the State of RI 7.5 % of gross income for summer rentals. VROB also charges a fee plus I pay for cleaning . There is a misconception that rentals bring in exorbitant amounts of money. This is not true due to the fact I need to pay to live elsewhere when my home is rented. Without this income I would be forced to give up my home ! I support reasonable taxes from both the state and town of Middletown .

I feel the perception that summer rentals are making exorbitant profit are simply exaggerated! During the five years I have been renting I have not had even one incident or problem. Thank you for your attention to my concerns.
