Subject: I OPPOSE H8183

My name is Erin Berard and I oppose this bill. I am an active duty service member with 22 years of dedicated service and being able to rent out my property ensures that I can keep it in my family for the next generation. You see I was born on Aquidneck island in the house that I rent out is my deceased grandmothers. My only ability to hold onto it is to be able to rent it to cover the increased taxes, insurance, and mortgage. I would like one day to be able to keep my own children living on Aquidneck Island, just like the four generations before me.

Please do not pass this bill!

Erin Berard
