Subject: Oppose Bill H-8183

Hi,

This tax would unfairly target renters of homes and condos. As part of RISTRA I strongly believe that the work of the [House Study Commission on Short Term Rentals](#) should conclude its important work before **any meaningful legislation is enacted**. That study commission, of which RISTRA is a member, has been extended through the end of 2025.

I would also note that there are multiple bills to increase the taxes short term rental owners pay, with no **clear consensus on where that additional tax revenue would be directed**.

How can you justify any tax without CLEARLY identifying what the intended use is.

Sincerely
Robert Corvese
