January 24 2025

Dear Laura,

The paint care program has been a blessing for us at the transfer station. We are recycling tons of paint, keeping it from the landfill and also avoiding it being put in trash bags and exploding all over in our trash building. The pickups are regular and always right on time. It is one of our most used areas. Keep up the good work.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael J. Serra".

Michael J. Serra
Manager of Sanitation
