**Subject:** H-7234

Dear Chair Donjovan, First Vice Chair Giraldo, Second Vice Chair Potter, and Members of the Committee,

I have sent this message to urge you to vote in favor of H-7234, which prohibits a medical training program from using a live animal while teaching medical procedures if any other accredited training program does not use animals or there is an alternate method that teaches the lesson without the use of an animal.

I fully support this long overdue legislation to bring us out of the dark ages of unnecessary animal exploitation and suffering.

Sincerely,

David A. Brunetti
