**Subject:** Support for Bill H-5351

ATTN: Steve Sepe

My name is Brittany Ruggiero, and I am here to express my support for bill H-5351, which would allow Advanced Practice Registered Nurses (APRNs) to delegate to Registered Nurses (RNs). I believe this bill is essential, especially considering that the treatments performed in a medical spa setting carry significantly lower risks than many procedures RNs are already permitted to perform under delegation in other healthcare settings.

I am a client of Citrine Aesthetics Med Spa in Cumberland, Rhode Island. I have personally received Botox, skin treatments, and dermal filler there with outstanding results. The facility is exceptionally clean and sanitary, and the nurses are highly skilled and qualified, making me feel completely safe throughout my experience. This bill would ensure continued access to safe, high-quality aesthetic treatments while allowing qualified RNs to practice within their scope under proper supervision.

I would greatly appreciate your support in passing this bill and ensuring that my voice is heard.

Thank you,  
Brittany Ruggiero
