**Subject:** Support of bill RI H-5351

To Whom it may concern,

I am writing in support of the bill RI H-5351 that proposes that all medical professionals and aesthetic professionals in Rhode Island may work and delegate to the full extent of their space and practice.

I have been in the care of an RN aesthetician at a medical spa for the last 5 years. Within this environment, I have received safe holistic aesthetic care rendering effective and satisfying results. I do not wish to lose my right to choose my provider, nor do I want to be forced to drive to neighboring states to seek these services. I feel that aesthetics is a fast growing, profitable industry that can strengthen the RI economy. I do not wish to see enforced guidelines that would drive this practice from our state.

Sincerely,

Kim Jackson
