Hello,

I am writing to show my support regarding Bill H-5351 for the providers at Citrine aesthetics in Cumberland, Rhode Island. I have been going to them for cosmetic injections for almost 2 years (since the opening of the med spa)...they are simply the best I have been to. They show care and detail in every poke they make. I have been nothing short of elated with my outcomes and trust them immensely. Their knowledge of injections is incredible and they truly take pride in their work and making their clients feel their best. I have never had an adverse reaction or felt unsafe. Citrine is a wonderful facility for women (and men) to go to feel well taken care of, healthy and beautiful! The place is clean and the staff is knowledgeable and friendly. It would be tragic if they were not longer allowed to perform cosmetic injections. They are my choice injectors.

Thank you for hearing me out.
