Subject: SUPPORT H5633 - Robert Foster - Refill Extension

Dear Chair Donovan and members of the Committee,
My name is Robert B. Foster and I am writing in support of bill H5633 which would allow a pharmacist to dispense a one-time refill for certain medications for continuation of therapy to patients.

I was in the hospital 10 days ago for high blood pressure. The Dr prescribed me 30 days of meds but the dosage was too low so I will run out prior to 30 days. I'm having trouble getting in to see my primary physician and a bill like this would people like me to not run out of their meds.

Thank you.
