In reference to Footcare of RI, a Foot Nurse who had been caring for my disabled Husband, had to stop providing needed foot care!

My Husband was a disabled Korean War Veteran who was 100% disabled and NOT ambulatory. He required an Ambulance to travel anywhere outside of his home.

It was a Tremendous Loss when our nurse could no longer provide Necessary Services due to a State Discision which would no longer allow Foot Care Nursing in Rhode Island!

WE could NOT find anyone who could provide this Needed Service in our home!

I Fully Support Bill H-6088!
