Subject: H 6118

The Rhode Island School Superintendents Association is in support of H-6118. House Bill 6118 would require coverage for acute mental health crisis mobile response and stabilization services to eligible individuals enrolled as plan beneficiaries. The program is currently grant-funded and supports school-based mental health services for students and families. The program is successful in the Narragansett Schools.

Approval of this bill will support our children and families in this important area.

Thank you.

Timothy P. Ryan Ph.D.
