Good Morning,

My name is Carolyn Thompson and I am a resident of N. Kingstown. The intent of this email is to employ you to vote AGAINST H7100 and any other bills that encourage a pathway to assisted suicide. Physicians have a duty to treat pain and other symptoms even if it risks hastening death but giving them power to assist with suicide is problematic on so many levels, but most importantly, a core ethical level. As a RI voter, I am completely opposed to any legislation supporting assisted suicide and would fully respect and support investing in energies that go toward making sure that all patients get the kind of care to live their fullest life, even as they are dying.

I strongly hope that I can count on you to vote in opposition to H7100.

Thank you,

Carolyn Thompson
