Dear Representatives,

I am writing once again to ask you to OPPOSE H7100 - Lila Mansfield Sapinsley Compassionate Care Act. While I am sure Mrs. Sapinsley was thinking compassionately to end a person's pain, I do not think this idea has been thought through sufficiently. Passing such an act would, in my opinion, open the door for relatives and "Powers of Attorneys" to influence the decision of people in pain and hasten their death for the personal gain of said relatives and "Powers of Attorneys".

More importantly, the decision to end a life is not anyone but God's. There is a redemptive use for suffering when it is offered up as a sacrifice. Furthermore, there are many pain medications to help those who are in pain.

Please take my points into consideration as you meet and vote on H7100.
