My name is Dr Doreen Gendreau- I am a resident of the town of Tiverton RI, and a Psychiatric Mental Health provider.

I oppose efforts to legalize assisted suicide in Rhode Island, and I plead with you all to vote against H7100 and any other similar effort.

Life is a gift.

Suicide of any kind, especially when A health “care” provider goes against everything we swear to uphold in order to assist that patient to end his/her life.

We have laws to hold patients and keep them offering them mental health treatment, who are at risk to themselves or others.

This is wrong- it is a slippery slope of epic proportions- puts REAL doctors and caregivers AGAINST those who seek to DO HARM.

Breaking the trust between the patient and the doctor. And beside all that- it is Wrong to kill what God has created.

Thanking you all,
Doreen Gendreau
