Hello, my name is Grace Toppi from Smithfield and I am asking you to oppose the Lila Sapinsley Compassionate Care Act.

How can this be labeled as such when you want a doctor to take the life of someone who is not naturally ready to die; someone who is not in the right state of mind, in pain and feeling hopeless perhaps. This is not compassion. We are not God. We don't have the right to take these lives.

Why can't you pass legislation that provides REAL COMPASSION, company, encouragement, spiritual guidance for someone who is at the end of her life???

Why can't you focus on LIFE instead of death??

Just because other states have this law doesn't make it right and just. Please OPPOSE!

Thank You

Grace
