To The Judiciary Committee and the Committee Clerk,

I am writing to express my strong opposition to the Lila Manfield Sapinsley Compassionate Care Act. While I understand the intention behind the act, I believe it raises ethical and practical concerns, including potential abuse, lack of safeguards, and unclear criteria for impaired judgment.

I urge the Judiciary Committee to reconsider and oppose the act's passage. Instead, I encourage exploring alternatives that prioritize comprehensive palliative care and support for patients and families.

Thank you for your consideration.

Sincerely,
Marcel Bonnici
