Dear Members of the Judiciary Committee,

As registered nurses, (now retired) we have cared for many patients from birth, through wellness, illness and death.

We worked with physicians who acted in patients best interest and provided compassionate care from the beginning of their lives until their death. They lived by their oath, "Do no harm". It was our privilege to work with them.

PLEASE, hold physicians to their medical ethical standard.

Do not make them "Suicide Assistants" with a license to kill.

REJECT Bill H7100. Our patients deserve the best care from birth to natural death.

Thank you.

Pauline R. Panatieri  
Emilia A. Mascaro
