Dear Ms. DiMezza:

I'm writing in support of Bill 7216, introduced by Representative Boylan.

As a survivor of gun violence myself, I'm often saddened by the lack of resources devoted to the solving of these devastating crimes. In the work that I do I have met so many people who have lost loved ones to unsolved crimes. No doubt it adds insult to injury.

The passage of this bill will not only help solve crimes, but it will also prove to gun violence survivors that we support them.

In gratitude,
