Re: H-7630, H-7631, H-7633, H-7971

I submit this brief written testimony to express my opposition to the above-mentioned bills on the docket for today. At best, each of these proposed pieces of legislation is unnecessary. As a rule of thumb, any bill being pushed by the top-cop (attorney general) will only expand and further entrench the police state.

I urge you to vote NO on **H-7630, H-7631, H-7633** and **H-7971**.

Respectfully Submitted,

Darryl Walker, Jr.
