Respected members,

Please vote YES on bill H-5025 to ensure that the trapping and subsequent release of any unowned feral or free roaming cat for the purpose of spaying or neutering of the cat would not be considered abandonment. As an active "TNR" trapper of community cats, I would appreciate the protection this bill allows for as I work closely with animal control, rescues and residents throughout the state to help control the community cat population through spay/neuter and vaccination.

Many thanks to Representatives Edwards, Bennett, Spears, O'Brien, Hull, Newberry, and Chippendale for bringing this legislation forward.

Thank you,

Cathy Lanni
