My name is Margaret Martira and I am a lifelong Rhode Island resident and reside in the City of Warwick. I am writing to you today because I have been made aware that you will be discussing the above act in today's session. Suicide is a terrible thing and we as a state have worked hard to protect those who are vulnerable to this tragedy. I am asking you to OPPOSE efforts to legalize assisted suicide. Please vote against H5219 and any other similar effort brought before you. If you open this door we will be going down a very slippery slope. We need to let those who are vulnerable know that their life has dignity and purpose and to do all we can to help them through this difficult time. Thank you for your time and attention to this important matter.
