My name is Valerie Sistare. I am a retired nurse in Westerly, RI. Please oppose assisted suicide by voting against H5219.

There are palliative measures to make people comfortable when they are diagnosed with a terminal illness. I have witnessed many times that this is a time of healing with family members so often. When a patient is kept comfortable when living with a terminal illness, it gives them time to spend time to reconcile with others, time to prepare for their final days and a time of special grace. Please oppose H5219

Respectfully,
Valerie Sistare
