Dear Committee Clerk DiMezza,

I am a housing provider and have been active in real estate in Rhode Island as a housing provider, real estate agent, and property renovator since the early 2000s. I am also a registered voter and generally support the position of the RI Coalition of Housing Providers on housing issues.

I support proposed Bill H5181 as it would improve the service of process in this section of the law and bring it into better standardization with other forms of service/summons, in which, if all other efforts of service fail, posting conspicuously at the dwelling or usual place of abode is deemed acceptable service.

For this reason, I urge the Committee to advance the bill out of Committee and toward its adoption as an overdue improvement to RIGL 34-18-56.

Sincerely,

Anthony Thompson
