BILL HB 5299

17 Lane 9

Warwick, R. I.

02888

In support of this bill # HB 5299 Regarding the purchasing of land if it does come up for sale. The passing of this bill will be very beneficial to a large demographic of homeowners. This would be reassuring if the time arises to purchase the property. State help would be very welcome and possibly necessary in securing our homes.

Thank You
