My name is Daniel Hansen and I am a Rhode Island citizen and voter. Please inform members of the House Judiciary Committee that I strongly **oppose** the following bills: **H5436, H5443, H5651, H5652, H5654, H5889, H5890, H5891**

I urge you to uphold the oath you took to uphold the constitution.

H5436 ("assault weapons" ban) is particularly disturbing and dangerous if passed. These bills essentially disarm lawful citizens and do absolutely nothing to reduce gun violence. Criminals do not follow existing laws and will not follow any "assault weapons" ban.
