House and Senate : I am sending this message hoping to clarify my view of this Bill HB 5436 assault weapon ban. The specified restrictions of this bill is a brush stroke banning all semiautomatic gun(rifles,shotguns,pistols)which will not curtail law breaking individual from acquiring a firearm on the street. As an RI resident I am discussed in how our politicians not survey their constituents on their views before planning actions which directly effects them. The governor is only interested in reelection as well as the house and senate I have disaffiliated myself and will not vote for the parties who are involved with this unconstitutional bill.

I live in NorthSmithfield and am active in sportsman's clubs and love hunting I purchase hunting license as well as guns and ammunition taxes on goods comes back to RI for open space .Do politicians realize the money that will be lost with bill .
