Dear General Assembly,

I am writing to strongly urge you to oppose to the following bills: H5436, H5443, H5651, H5652, H5654, H5889, H5890, H5891. I fully support my rights under the Constitution of the United States and the 2nd Amendment. The proposed bills would affect my rights as a law-abiding citizen to protect my family and property inside and outside the home. It would also affect my ability to enjoy the pastimes in which I participate such as the shooting sports, competition shooting and hunting. The limitations imposed by the proposed bills would severely limit the firearms commonly used for these activities.

I can only imagine the outrage of anti-gun proponents if the limitations imposed upon the 2nd Amendment were also imposed on other Constitutional Amendments such as freedom of speech or freedom of religion.

Thank you for your consideration,
Ronald Daignault
