

Dear House Judiciary:

I oppose bills H5436, H5443, H5651, H5652, H5654, H5889, H5890, and H5891. As a woman, I feel it's a safety measure to own firearms that can protect me when I'm alone and an armed intruder blocks my escape from my home.

The criminals won't abide by your laws, and thus we as law abiding citizens are at even greater risk with armed intruders. A single shot isn't enough for me to feel safe.

Many thanks,

Samantha Marie Kibbe
