I am writing to oppose the wide sweeping bill that essentially bans 90% of the firearms used for hunting, sport shooting and protection

Penalizing law abiding citizens who own firearms for sport and personal protection will turn over 150,000 gun owners into criminals who will never comply with the terms of the bill.

If you want to ban assault style guns you need to clearly define the parameters that are linked to these specific assault weapons not broad terms that ban 90% of firearms owned by RI residents
