To whom it may concern. I have been a responsible gun owner all my life. I belong to a shooting club for my enjoyment. I don't hunt because this state is too overcrowded and unsafe to do so in my opinion. I believe it is unfair that I will be penalized by action of others. Taking legal guns away from people like me who follow the rules won't stop crime. If you want to make a safer RI require physiological test to purchase guns or increase penalties for crimes committed. Thank you Steven lavalley
