Hello,

Dear Chairperson Representative Craven, Vice Chairperson Representative McEntee, and distinguished members of the House Judiciary Committee,

My name is Harper Keehn, I live in Providence. I am writing in support of bail on 32, H6041 and S733. The five year delay on this common sense bill has led to the pointless destruction of so many lives. Please show the people of Rhode Island that you can do something of substance, and pass this bill. It is needed urgently.

Thank you
Harper
