Chair Craven and Members of the Committee,

I am writing today in strong support of H5225 which would limit the ability for any federal immigration authority to investigate, detain, apprehend or arrest any individuals for potential violations of federal immigration laws without a judicial warrant within certain protected locations

The recent federal executive orders have caused fear in many communities - including ours. The reason why certain locations had been deemed "safe locations" from ICE enforcement action is because (among other things) we do not want people to not send their children to school, or seek medical care, over concerns of being deported.

Please reaffirm that Rhode Island is a welcoming community that values all of our residents by passing this bill out of committee and sending it to the floor for a vote.

Thank you.
