

Dear Members of the RI House's Municipal Government and Housing Committee: BH

At 83, I recently had a total left knee replacement and KNOW FIRST-HAND how much this bill is needed.

WHEELCHAIR ACCESSIBLE DOORWAYS, for one, have enabled me to

- go to and get out of bed,
- go to the bathroom,
- reach food in my kitchen,
- reach the thermostat to heat my house.

PLEASE, TWEAK IT !!!!

Thank you,

Marie C, Hennedy, Ph.D.
